

**Information  
On International Energy Week (IEW)**

International Energy Week (from 2001 to 2005 year to Russian Oil and Gas Week) is held annually in Moscow in the autumn.

**Organizers of IEW:** Institutes of the Russian Academy of Sciences, the Chamber of Commerce and Industry of the Russian Federation, NGO "Global Energy", ICC "Ros-Con". **IEW partner** - A.A. Trofimuk Institute of oil and gas geology and geophysics Siberia branch of the Russian Academy of Sciences.

**The Operator of the International Energy Week** – Information Consulting Center "RosCon".

IEW events are annually held under the support of committees of the State Duma of the Federal Assembly of the Russian Federation and the Ministry of foreign Affairs of the Russian Federation without budgetary funds subsidy.

**HONORED REPRESENTATIVE OF THE ORGANIZATION COMMITTEE (UNTIL JUNE 2015) - Evgeniy Primakov**, Academician, Member of Presidium of the Russian Academy of Sciences.

**CO-CHAIRMAN OF THE ORGANIZING COMMITTEE OF THE INTERNATIONAL ENERGY WEEK:**

**Aleksey Kontorovich**, Academician RAS, "Global Energy Prize" Winner.

**Valery Grayfer**, Chairman of the Board of Directors of JCC "LUKOIL"

**FIRST DEPUTY CHAIRMAN OF THE ORGANIZING COMMITTEE OF THE INTERNATIONAL ENERGY**

**WEEK:**

**Vasily NEBENZYA**, Deputy Minister of foreign Affairs of the Russian Federation

**Vasily TARASYUK**, Deputy of the State Duma of the Federal Assembly of the Russian Federation, First Deputy Chairman of the State Duma Committee for energy (TBC)

**DEPUTY CHAIRMAN OF THE ORGANIZING COMMITTEE OF THE INTERNATIONAL ENERGY WEEK:**

In the development of the Forum a lot of attention paid to the preparation and implementation of bilateral and multilateral business meetings between Russian and foreign businesses, research institutions and government authorities. Over the years, business meetings were held foreign dignitaries and organizers of the forum with State Duma and the Federation Council of the Federal Assembly of the Russian Federation, Deputy Prime Minister and Minister of Foreign Affairs, the Minister of Natural Resources of the Russian Federation, the Minister of Energy of the Russian Federation.

Central to the program of activities of the International Energy Week occupy the now traditional meeting of heads of international energy organizations with chief executives of our state. So, in 2008, within the frameworks of the International Energy Week a meeting was held between D. Medvedev, President of Russia and **A.S.El Badri**,

Secretary General of OPEC. And in past - in 2010 - **V. Putin**, Chairman of the Government of the Russian Federation had a business talk to **Yukio Amano**, the Secretary General of IAEA, arrived to Russia for participation at the Fifth International Energy Week.

In 2012, within the frameworks of IEW, the **Global Energy Summit** has been held with regards to the Anniversary of the International Prize. With a view to Russia's integration into Nuclear Energy Agency of Organization for European Economic Cooperation and Development, a **round table on "Innovations and safety of nuclear energy"** was held within the margins of IEW. Within the framework of "IEW,2012" there was a round-table on **"Partnership of Baltic countries in the sphere of green energy. Achievements and perspectives. Biomass"**. Participants of the **First Russian - American Conference on "Energy Law in XXI century. Russia's and USA's points of view"**: Janet Levi, (Tulsa University, USA, coordinator, energy law cooperation, from American side), Garry Allison, Director Project on Sustainable energy and resources (USA), Sidortsov Roman - Institute of Energy and Environment, Vermont Law School (USA), Mark Templton - Director, Chicago environmental Center (USA). The ministry of Energy of the Russian Federation has included into IEW program a session on preparatory works for the Asia-Pacific energy forum of UN (Vladivostok, may-june, 2013), whereat representatives of ESCAP took part.

Within the framework of IEW an official meeting was organized on top level between Aleksandr Novak, Energy minister of the Russian Federation and Abdalla Salem El-Badri, Secretary General of OPEC. And meeting of **experts "Russian - OPEC". "Development and perspectives of oil market"**.

**A session on "Renewable and alternative sources of energy - Climatological profile of "green" energy" had been organized jointly with International Agency on Renewable Energy (IRENA).** "IEW, 2013" has addressed perspectives on promotion of Russian companies in BRIC countries and African continent markets, as well as cooperation development in the Arctics. The "Energy debates for youth,2013" was also very successful.

The International Energy Week (IEW/All-Russian Oil and Gas Week) is considered to be one of the major international energy events for 15 years. Information on the present Forum is continuously posted at more than 40 web-sites of media partners, among them major energy related Mass Media representatives of Russia and a number of foreign countries.

At the plenary session of the **Ninth International Energy Week "Global Economy and domestic energy production. Forecasts, problems, solutions"** c welcoming speech (2014): **Vasily Tarasyuk**, Deputy of the State Duma of the Federal Assembly of the Russian Federation, First Deputy Chairman of State Duma Committee on energy, the First Deputy Chairman of the Organizing Committee of the International Energy Week; **Sergey Lebedev**, Chairman of the Executive Committee - CIS Executive Secretary, **Igor Lobovsky**, President of Global Energy Price, **Traian Chebeleu**, Deputy Secretary General of the Permanent Secretariat of the black sea economic cooperation. About the Energy strategy of the Republic of Sudan Forum delegates said **Dr. Mohamed Zayed Awad Musa**, Minister of state in the Ministry of oil of the Republic of Sudan. **Bakhtiyar Karimov**, the regional coordinator of the world Bank (WB) and the Global partnership to reduce gas flaring (GGFR) has acted with the report "problems of use of associated petroleum gas and possible ways of their solution".

Biggest oil and gas companies and scientific organizations from Russia and foreign countries participate at IEW. Also, the Forum is annually participated by delegation of such companies, as "Gazprom", "Rosneft", "RusHydro", "Gazpromneft", "Tatneft", "TNK-BP", "Stroitransgaz", "Rosatom", "TVEL", "Inter RAO UES", "SOGAZ", "OMZ", "Russian Railways", etc. More than 30 Academicians and Correspondent-members of the RAS and "Global Energy" International Prize Winners annually participate at the forum as the co-moderators and speakers at the sessions on the utmost relevant problems of world and national energy. More than 100 Doctors of Science of the leading scientific centers of Russia and foreign countries participate at the sessions of the Forum.

**Press Releases**

October 28-29, 2015 in Moscow planned to hold the Tenth International Energy Week and Fifteenth All-Russian Oil and Gas Week.

Co-organizers of the Forum: The Chamber of Commerce of the Russian Federation, Russian Academy of Sciences, "Rosneft" ICC "Roskon" and non-profit Partnership "Global Energy" supported by the Committee of the State Duma of the Federal Assembly of the Russian Federation and the Ministry of Foreign Affairs of the Russian Federation. Forum Partner: Institute of Petroleum Geology and Geophysics. AA Trofimuk RAS.

The International Energy Week is conducted without the involvement of the budget at the expense of participants.

At the International Energy Week consistently implemented the main idea of the Forum - the development of energy dialogue with all stakeholders of global energy markets. This is confirmed by the fact that during the years of the Forum came from informal name - "Moscow Energy Dialogue".

To participate in the Forum will be invited heads of international energy organizations, Ministries of Energy, the largest oil and gas, energy and innovative companies in the world, regional authorities and research institutes in Russia.

We invite all interested organizations, institutions and companies to participate in the Tenth International Energy Week and Fifteenth All-Russian Oil and Gas Week.
